Domestic Violence Awareness Month

PATERSON, NEW JERSEY: October 15, 2009

The Passaic County Domestic Violence Unit is dedicated to bringing awareness to the devastating and often unreported crime of domestic violence. That is why it is appropriate during October, Domestic Violence Awareness Month, that our Unit educates people of all ages on what the crime is, who it affects, and how this destructive cycle of violence can be broken.

It is also essential to keep in mind, during October and throughout the year, the people subjected to domestic violence, the children exposed to it, and the survivors of this familial crime.
